

OMNIAQUARTZ

OMNIA QUARTZ is a meticulously curated line of Natural Quartz Surfaces, comprised of 4 Collections ranging from sleek solid colors to timeless and unique marble-inspired designs. Created with the highest grade of quartz mineral and advanced polymer resin, combined with the latest compression technology. Omnia Quartz is engineered to be the best of its kind.

COMPACT. Our Quartz Surfacing is a conglomerate of resin and up to 93% refined quartz mineral, one of the hardest minerals available, making each slab non-porous and highly durable. Meaning your countertops will be scratch-resistant, shock-resistant, and etch-resistant to acid. Sealants are not required for added durability.

VERSATILE. Our marble-inspired slabs are book-matched (BM) to allow veins to flow continuously across surfaces – from kitchen countertops to wall accents and shower cladding. Our slabs are also available in 2 different finishes – honed and polished, allowing for boundless design possibilities.

SPECIFICATION & AVAILABILITY

Thickness	2cm & 3cm
Slab Dimension	62"x 125"
Finishes	Polished, Brushed, or Honed – Slabs that come polished may also be custom honed
Book-Matching	Available for colors indicated BM in this catalogue

WARRANTY. Omnia Quartz products are proudly backed by our 10-year limited Residential Lifetime Warranty. Learn more by visiting our website - OmniaQuartz.com.

CUSTOM ORDERS. For custom orders and cut-to size projects for commercial and multi-residential projects, please inquire with your local distributor for more information.

QUALITY ASSURANCE. Backed by third-party assurance in safety, quality and performance from NSF, SGS Canada, CE, ISO, and GREENGUARD Certification.

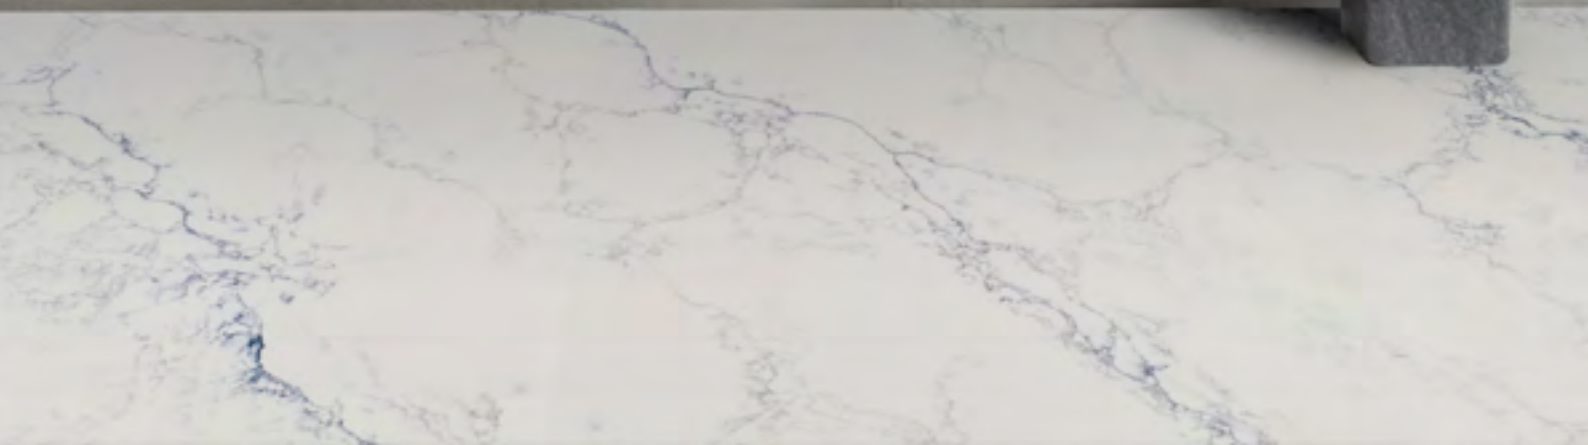

This brochure contains images of Omnia Quartz products and is intended for reference purposes only. Please request a sample from our distributor to assist you in your design process. Omnia Quartz is composed primary of natural quartz and is therefore subject to some variance in color and pattern. Omnia Quartz reserves the right to modify its products without prior notice.
